

DID THEY ALSO HURT YOU BECAUSE ...

... YOU'RE DIFFERENT?

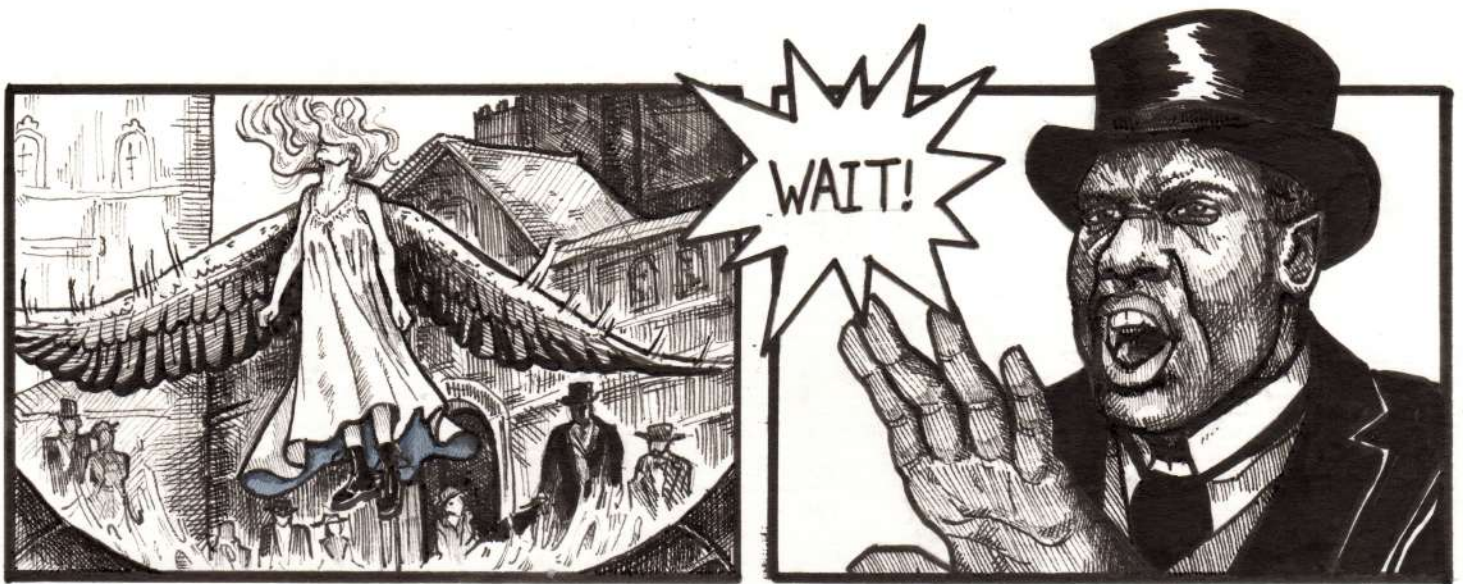

*Recently, I've noticed that those who suffer the most are often the kindest.*

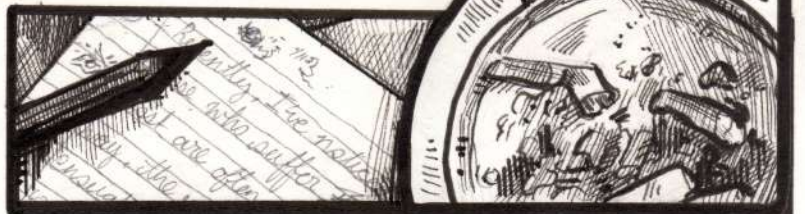

*Either way, the world is cruel enough to eventually mangle us all.*

*I had come to a point in my life...*

*... where the burden of feeling had become too much.*

*What point was there in birthing words that would go unread?*

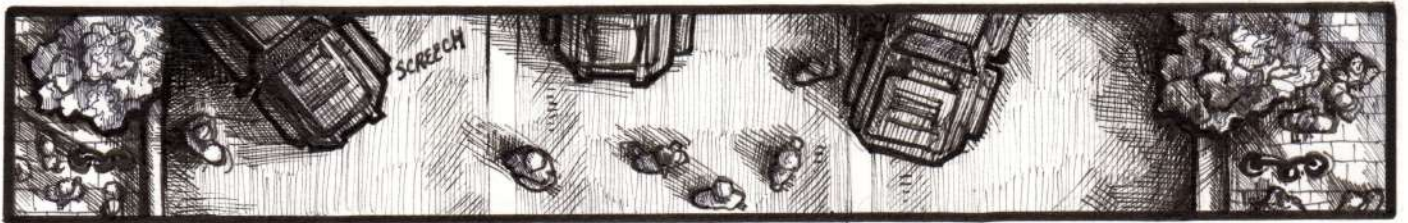

*What was the point of hoping for a better future...*

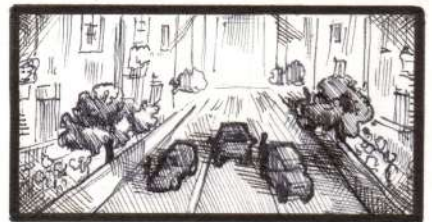

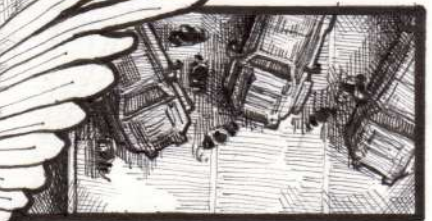

*... when those you'd shared your dreams with had left you behind.*

*And suddenly, you were all alone.*

*Sometimes...*

... you see so vividly that even closing your eyes is insufficient.

The longing for a deeper darkness...

... had been closing in.

God only knew what I was thinking.

*Maybe that's why he sent you.*

Damian.
